In any instance where an action or direction duly approved by the Board prior to adoption of this Manual conflicts with a policy or procedure set out herein, the latter shall control, and the prior action or direction of the Board shall be deemed rescinded and abrogated. In any instance where an action or direction duly approved by the Board subsequent to the adoption of this Manual conflicts with a policy or procedure herein, the former shall control; and to the extent the Board fails to expressly amend the Manual to reflect the new action or direction, the AGCDD District Manager shall endeavor to draft an amendment to the Manual to reflect the new direction or action as approved as a policy, subject to review, amendment, and approval of the Board.

All staff, residents, nonresident members, and guests shall follow the policies and procedures as set out in this manual and abide by all actions and directions passed by the Board. Staff shall apply and enforce these policies and procedures and the Board’s actions and directions in a friendly, fair, and firm manner based on good sense, without reaction from emotion or preference. Subject to review and approval by the Board, the Community Manager has the authority to make decisions based on reasoned discretion as needed in circumstances and regarding events not specifically addressed by this manual or otherwise by the Board at a regularly

To the extent a matter or issue is not otherwise addressed in this Manual, the Community Manager also has the authority to establish rules and procedures for the operation of the Community Center and other AGCDD facilities that are not inconsistent with the policies set out in this Manual. The Community Manager periodically shall report to the Board all such interstitial rules and procedures that he or she has established.

All changes to the policies and procedures set out in this Manual, including additions and deletions, first must be duly approved by the Board.

MAIN GATE ACCESS CONTROL TO ARBOR GREENE COMMUNITY DEVELOPMENT DISTRICT

Controlled Access Parameters

AGCDD is a controlled access, gated community with 14 villages, six of which have internal control gates. The AGCDD main gate provides access and traffic control for all motor vehicles that enter the district property. For enhanced access control of district property and of residents and guests, access at the main gate shall be strictly controlled, in accordance with post orders and other directions duly adopted by the Board, from 10:00 p.m. until 6:00 a.m.

The front gatehouse, with its access-controlled gates, is staffed 24 hours per day, seven days per week, by security officers working under contract with the AGCDD. The gatehouse attendants shall comply with the post orders duly approved by the

Board and made a part of the contract for access control services provided at the front gatehouse. Those post orders are incorporated by reference into this manual, and no change to those orders shall be effective unless first duly approved by the Board.

Emergency and law enforcement vehicles shall always be admitted.

Barcode and Gate Transmitter Sales

Main gate access barcodes for motor vehicles and village gate transmitters are privileges accorded by the AGCDD as a convenience for residents. The barcodes and village gate transmitters may be purchased by residents legally living in owner-occupied homes within the district; and by residents legally living in homes within the district pursuant to a valid, current lease as required by the Declaration of the Covenants, Conditions, and Restrictions for Arbor Greene of New Tampa Homeowner's Association, Inc... Barcodes also may be purchased by current annual nonresident members and vendors

Gate transmitters are available for purchase by current, legal residents of Carriage Homes, Devonshire, Enclave, Estuary, Parkview, and Retreat villages. Gate transmitters can be purchased at the current established fee and are available at the community center, except for Carriage Homes gate transmitters, which are provided by the Carriage Homes at Arbor Greene Association.

To purchase a barcode or transmitter, proof of identity (government-issued photo identification), proof of residency, and vehicle registration are required, and any resident living in a leased home must present a copy of a current, compliant lease along with proof of residency.

A resident lane is provided at the ingress side of the gatehouse for those with a valid, active barcode. All non-truck motor vehicles without a barcode must use the visitor's lane and be logged in by gatehouse attendants pursuant to the post orders. There will be a charge each time a barcode is purchased by an authorized resident. Barcodes for motorcycles are not authorized. Barcodes will not be issued if it is raining or if the vehicle is wet.

AGCDD staff members must apply the barcode to the motor vehicle. Portable barcodes will not be issued unless prior authorization is received from the Community Manager with input from the Chairman. Portable barcodes will be logged and issued with a 1-year expiration date and the opportunity to extend by

providing proof of residency annually. The vehicle must be present in the community center parking lot. Barcodes will be issued at the community center during normal office hours.

Persons with a temporary tag on their motor vehicle must provide updated license information to the AGCDD administrative office upon obtaining a permanent license.

Barcodes may not be transferred from one vehicle to another vehicle. If a vehicle is to be sold or traded, or a rental vehicle is returned, the resident must notify the AGCDD immediately and have the barcode removed from the vehicle.

The guaranteed service life of the purchased barcodes or transmitters is 30 days. Replacement barcodes and transmitters shall be replaced at the resident's, non-resident member's, or vendor's expense.
